							Effective Date: 8-December-2003
Please evaluate the following aspects of your training by circling the appropriate <u>number</u> on the grading scale. If you have any comments, include them in your discussion on the last page.							
1.	Length of training period						
	Too short	1	2	3	4	5	Too long
2.	Coverage of material						
	Too shallow	1	2	3	4	5	Too deep
3.	Personal instruction and supervision						
	Too little	1	2	3	4	5	Too much
4.	Training samples (unknowns)						
	Too easy	1	2	3	4	5	Too difficult
5.	A. Mock trials						
	Too few	1	2	3	4	5	Too many
	B. Mock trials						
	Too easy	1	2	3	4	5	Too hard
6.	Exposure to other disciplines (latent prints, etc.)						
	Too little	1	2	3	4	5	Too much
7.	Technical knowledge of training coordinator						
	Poor	1	2	3	4	5	Excellent
8.	Teaching ability of training coordinator						
	Poor	1	2	3	4	5	Excellent
9.	Coordination and handling of training program in general						
	Poor	1	2	3	4	5	Excellent
10.	Relevance of training to present duties (effectiveness)						
	Totally irrelevant	1	2	3	4	5	Highly pertinent
Are there any areas of the drug training program that should be changed or improved? Include in your answer a brief discussion of the strong and weak points of the present program. Your constructive criticism and comments will be greatly appreciated.
